

THE PATRIOT

I believe in freedom.

I believe in doing what is right.

I believe in something bigger than myself.

I believe in accountability and hard work.

I believe in the inherent goodness of all mankind.

I believe in friendship and the deep bonds of brother and sisterhood.

I believe in putting aside differences to accomplish a common goal.

I believe in free speech and the responsibility of using it wisely.

I believe in healthy debate, not mindless complaining.

I believe in mankind's right to choose.

I believe in owning up to my mistakes.

I believe in being part of the solution.

I believe in helping my neighbor.

I believe because I am a Patriot.
